

MAYOR PASSES THE BUCK IN MATTER OF SOLDIERS MEMORIAL

Proposes to Let Citizens Decide—Referendum in November.

It will be up to the rate-payers of Mishawaka to finally determine whether the proposed \$200,000 memorial building to commemorate the part Mishawaka took in the war, and petitioned for by the local branch of the American Legion and several hundred citizens, be erected. Sitting as a committee of the whole the city council met in the mayor's parlors last evening and listened to a lengthy and exhaustive statement read by Mayor Gaylor in which he recommended in view of the amount of money involved and the present high rate of taxation, that the matter be put to a referendum of the people during the early part of November. Final action in this respect will be taken by the council at its next meeting.

The session was held behind closed doors, and after reading his statement the mayor informed The News-Times there "was nothing doing."

SEES GOLF CHAMPIONSHIP GAMES

L. Guillekaan, golf instructor at the Miami Country club, has returned from Chicago, where he witnessed some of the games in connection with the Western Amateur Championship now being played on the links of the Westmoreland Country club. "Guillekaan" saw Chick Evans, western and national amateur champion, and Jimmy Johnson, the wizard from Minneapolis, in action and predicts that these two will meet in the finals.

CHARGES UNRUE WITH TENDERING AN ILLEGAL CHECK

Issues Warrant for Man's Arrest—Several Other Cases Up.

Roy U. Lott, proprietor of a garage on S. Main st., has filed an affidavit and sworn out a warrant for the arrest of Roy Unrue, a contractor residing at 710 Clifford st., charging him with drawing and issuing a fraudulent check. According to the affidavit Unrue gave Lott a check for \$50 on the North Side Trust and Savings Co. in payment for material and labor on an automobile on May 25, last. Lott, when presenting the check was informed that Unrue never had a cent deposited in that bank. Lott has made several efforts to have Unrue settle the matter but without any success. Deputy Prosecutor Bower also has a fraudulent check for \$20 which Unrue issued to the Mishawaka garage on June 30.

Eddie Welch the well known South Bend boxer, was arrested by Motorcycle Officer Reamer Wednesday night at 10:30 o'clock on a charge of speeding. He furnished \$25 bond for his appearance in the city court Friday morning at 9 o'clock.

O. R. Shanholt of Elkhardt entered a plea of guilty to a charge of speeding and was fined \$1 and costs. Judge Feig defaulted a \$25 cash bond in the city court Thursday when Charles Wagoner of Chicago, who was arrested for speeding June 28, failed to appear for a hearing.

The case of the state vs. C. A. McDonald, speeding, was set for a hearing July 19. McDonald appeared before the court and stated that the motorcycle officer's speedometer was incorrect. Judge Feig ordered it tested and it proved to be all right.

The case of the state vs. Vernon Blood and Viola Cecil Davidson, charged with adultery, was dismissed by Judge Feig Thursday morning owing to a statement made by Charles L. Metzger who appeared for Mr. Davidson, the complaining witness in which he stated that the husband has started a divorce case in Three Rivers and that he wished to drop this case in the local court.

Mrs. Davidson is alleged to have left her home in Three Rivers and come to Mishawaka with Vernon Blood and the couple were found living in a tent in the Eberhart woods, north of the city, when arrested by the local police. They were taken to the county jail where they were held for several days until Roy Blood, brother of Vernon, furnished \$200 cash bonds for their appearance here Thursday.

TWO DEATHS OCCUR IN CITY THURSDAY

Klaas Homan died at the home of his daughter, Mrs. Jennie Moran, 501 E. Lawrence st., after an illness of four years. He was born in the Netherlands, April 21, 1849, being 72 years old. He came to America 23 years ago and resided near Chicago where he was engaged in truck farming until about a year ago when he came to this city. He is survived by the following children: Mrs. Moran, at whose home he died; Martin, Chicago; Jacob, this city, and Mrs. Margaret Tammara of Chicago and four grandchildren. He also leaves a brother and three sisters in the Netherlands.

Elizabeth E. Courtney died at the home of her niece, Mrs. Robert C. Pissimmons, 524 W. Grove st., Thursday morning after a four months' illness with complications. She was born in Pennsylvania Dec. 13, 1842, being 78 years old. She came to Mishawaka from Kokomo three years ago.

Funeral arrangements will be completed and announced later.

Agriculture

Canadian Farmers Produce at Loss—Oleo Manufacturers Complain—Grain Growers, Inc., Opposed.

By Leonard P. Bennett.

Canadian farmers are producing their crops at a loss, says the Toronto Globe after a survey. This announcement will occasion no surprise, as American farmers produced at a heavy loss during 1920 and conditions in Canada duplicate those in the United States for the most part, both as regards agriculture and manufacture. But it does serve to emphasize the necessity for a re-alignment of prices and the provision of credit that will put the farmer on an equal footing with the merchant and manufacturer.

Pitiful is the lament of the oleomargarine manufacturers, said to represent an invested capital of more than \$100,000,000, who have decided to inaugurate a national publicity campaign for the purpose of countering what one of their officials termed "the tide of selfish agricultural class interest and the storms of stantist propaganda." The per capita consumption of margarine in Europe, he declared, is from three to 10 times that in America, where it would be larger than it is.

Whatever injustice the oleo manufacturers may or may not have suffered, the fact remains that oleo never has and never will compete with butter in public favor and its price must necessarily remain on lower levels in order to attract buyers.

Congress has a considerable program of legislation in hand for the relief of agriculture. The Curtis-Nelson bill, which passed both houses, will add \$25,000,000 to the capital of the Federal Farm Loan banks for long-term loans to the farmers. The Senate Agricultural committee ordered a favorable report on the Norris bill to create a huge government corporation to promote the exportation of farm products.

FOR FROCKS

This season lends itself well to the making over of the small girls frocks. If her skirt is too short and there is no other way of lengthening it, a good idea is to buy harmonizing or contrasting material, put a hem on with it and then fashion effective cuffs and collar of the same material.

WILL ISSUE ORDER TO REVOKE DECREE

Decision Reached at Conference of Mexican Government Officials.

GALVESTON, Tex., July 14.—The Oregon government has capitulated in its recent order imposing an added 25 per cent export tax on crude oil, according to dispatches reaching here today from Mexico City. A presidential decree officially revoking the tax order is about to be issued.

Decision to rescind the order which had caused foreign oil producers to lodge vigorous protests with their home governments and later caused the American producers to close down the great wells around Tampico, is reported to have been reached by Oregon in a session with a committee from the chamber of deputies.

Oregon has received "semi-official assurances" from Washington that the American government will not impose an import duty on Mexican oil, according to advices from Mexico City today.

WOMAN CAUSES PANIC ON SHIP

CHICAGO, July 14.—A panic on board the excursion steamer Florida when the vessel was carrying more than 400 persons, was revealed today. The vessel listed heavily to the side when the passengers finished a dance and all rushed to one side of the boat. An excitable woman shouted that the boat was sinking, causing a rush for the life preservers. Several other women fainted and it was some time before the ship's officers calmed the crowd.

SUIT LINES

The suit craze for the moment in Paris is for the grey tailored suit with the one-button jacket, snug fitting sleeves and small collar. In such numbers are these suits appearing that the smart woman looks as if she had gone into uniform.

HOT NIGHT BREEZE DISTURBS SLUMBER

Mercury Climbs Past 90 Mark Daily—Heat Wave Causes Sickness Among Babies.

More than six weeks of torrid weather more suitable to the tropics than to South Bend, has established a heat record for this city. Without relief in sight other than thunderstorms which act as a temporary agency for checking the heat and saving the crops, citizens of South Bend begin to look upon the heat wave as a question of endurance.

Physicians report much illness among infants, due to the constant heat. It is also reported that some fatalities have been indirectly caused by the hot weather or at least hastened.

It is not the average daily climb of the mercury to pass the 90 mark which has excited the disposition of South Bend sufferers as much as it is the fact that the cool breezes at night are dwindling and, in their stead, a hot gust which causes the slumberer to rest uneasily has been substituted.

Reports from some states, the majority in the central west, are that farmers have begun to look after their fields by moonlight in order to escape the burning rays of the hot sun. So far as is known, moonlight farming has not been attempted in South Bend.

What apparently was a heat pro-

tration, according to the statement of a physician Thursday, was the mysterious case of Mrs. Dorothy Smith, registered at Epworth hospital as residing in Chicago, but who is said to live in the 1300 block S. Michigan st. Mrs. Smith boarded an interurban car at St. Joseph Wednesday evening. Soon afterward, she fell unconscious in her seat.

The young woman was taken from the car when it reached South Bend at 7 o'clock and was removed to the hospital.

Early Thursday morning Mrs. Smith regained consciousness and although weakened was apparently in no serious condition as a result of the strange illness. The physician who attended the case stated that she was undoubtedly suffering the effect of heat prostration.
